Single Family on 0.00 Acres

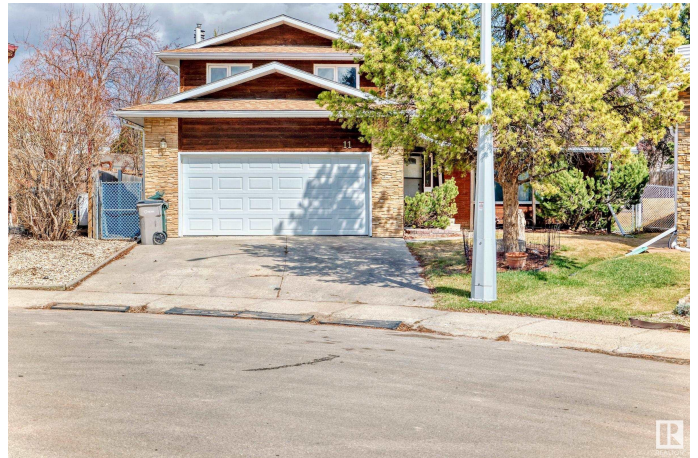

Glens The, Stony Plain, AB

Did you know in the last two years there have only been three four-level-splits available for purchase in Stony Plain? If you've been waiting for one, now's your chance! This amazing four bedroom home has 1,993 sq-ft of living space above grade! The spacious primary suite features a three piece ensuite and walk in closet! There are two more adjacent bedrooms on the upper floor, and an additional bedroom on the main floor that could double as a den or office. The large kitchen with dining nook is central to both a wide sunken family room with gas fireplace, and a formal dining room. The large windows in both the living room and family room overlook the vast pie-shaped lot. There is plenty of storage in the partially finished basement (just add flooring and you're done). Central air, two furnaces, newer carpet and GE appliances (2019) and an insulated double garage rounds out this home, one of the largest in the Glens!

Built in 1981
