Downtown (Edmonton), Edmonton, AB

Enjoy urban and River Valley views high up on the 15th floor from the only side of this building that offers River Valley views – the South Side. This 1 bed/1 bath loft style home would make the perfect home for the working professional, student, or savvy short term/long term investor! What makes Cambridge Lofts truly unique is that is downtown Edmonton’s only residential building directly connected to the Pedway system and a LRT station. This means you can leave your front door, take the elevator down to the lower level, and move all throughout downtown Edmonton without ever going outside, or owning a car/dealing with parking! It doesn’t get more walkable than this. Cambridge Lofts is one of the few buildings in downtown that feature that true loft style character with those beautiful high exposed ceilings, as well as one of the few buildings in the entire city that currently allow Airbnb! Schools, shopping, dining and entertainment are all within walking distance of this prime location!

Built in 1968
