Modern 1540 Sq. Ft. Bungalow – Stylish,
and Spacious

This brand-new 1540 sq. ft. modern bungalow offers the perfect blend of style, comfort, and functionality. Thoughtfully designed, the home features luxury vinyl plank flooring throughout, three generously sized bedrooms, and two full bathrooms—including a stunning primary suite including a large dual sink vanity, a walk-in fully tiled glass shower and built in cabinetry in the walk-in closet.

The open-concept living area is bright and welcoming, enhanced by large windows that flood the space with natural light. A glass-panel front door adds a sleek, modern touch to the home's exterior. The kitchen is a standout, finished with quartz countertops, an under-mount sink, elegant tilework, under-cabinet lighting, and ample storage—ideal for both daily living and entertaining.

A convenient mudroom with laundry provides additional storage and direct outdoor access, leading to a paved path that connects to a double garage with alley access.

The basement is open for development and features large windows that bring in natural light—an excellent opportunity to customize additional living space. Outdoor living is equally impressive with a charming front porch

and a massive 30-foot-wide back deckâ€”perfect for hosting or relaxing in the sun. The current Smart siding is primed and will be painted blue/gray and the smart trim will be painted white.

Crafted with exceptional quality, this home will be ready for you to move in and make it your own. The developer offers customization options and is open to finishing the basement at an additional cost, based on your preferences.
